Dear Editor,

Kim Beazley, and the whole Australian Labor Party, have demonstrated beyond any doubt that they never intended at any time to represent the will of the Australian People, which was to never have a Goods and Services Tax. Kim, and the ALP's, only Policy should still be "NO GST", that means get rid of the whole abomination in its entirety.

Kim is merely a pawn, and the ALP a puppet, in the hands of the puppeteers who are the World Bank, the International Monetary Fund, the multinational Corporations and the multinational Banks, exactly the same as John Winston Howard, Peter Costello and the Liberal Party. This situation has been allowed to occur because the Major Parties have systematically BANKRUPTED Australia by "running up" insurmountable Foreign Debt, without the consent of the sovereign People of Australia.

All Political Parties in Australia are DEAD!!!

sincerely,

Gary Friend
